

# Steven P. Daffinrud

## Profile

Accomplished part-time business owner with extensive construction related experience in client base maintenance, fiscal responsibilities and project completion requirements. Strong leadership abilities with exceptional organizational, interpersonal and communication skills. An outstanding self starter and self motivator with exceptional entrepreneurial talents. Finalizing a B.S degree in Geophysics in Spring of 2004 with ability to start at a position immediately. Currently seeking employment in either the Construction Industry or the Geophysical Consulting/Exploration Industry. A preferred position would utilize both my extensive construction skills, construction management skills as well as my education in Geophysics. Anticipating the receipt of a General Contracting License in February of 2004.
